Teacher's Day Celebration

College Level

Date: 05/09/2023

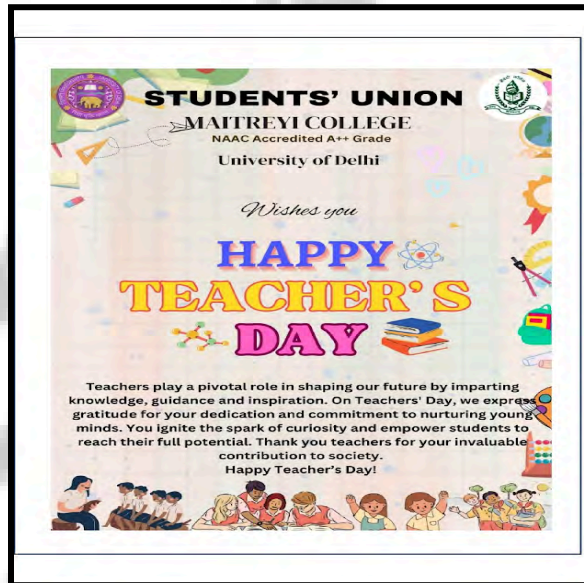

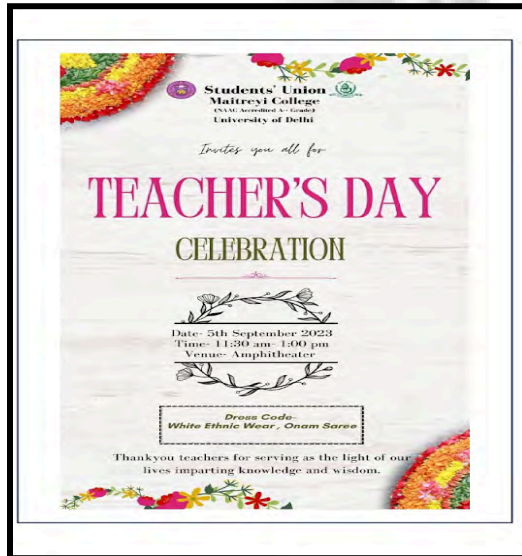

Name of the organizing department: Students' Union

Name of the convenor: Ms. Divya Singh, Students' Union Advisory Committee

Teacher's Day, a special occasion dedicated to honouring teachers, was celebrated at Maitreyi College with great zeal and enthusiasm. The theme for this year's celebration was "Unity in Diversity," highlighting the rich cultural heritage and diversity of our nation. The event was a true reflection of the college's commitment to promoting unity and inclusivity. To celebrate the theme of "Unity in Diversity," the dress code for the event was white ethnic wear or Onam saree. This choice of attire beautifully showcased the diversity of cultures within India while emphasising unity through the common colour white.

The event commenced at 11:30 AM, with the soulful Guru Vandana, paying homage to the revered teachers who have shaped the minds and futures of countless students. There was a mesmerising Kathak dance performance that showcased the elegance and grace of this North Indian classical dance form. The cultural diversity was further celebrated with the Thiruvathira and Kuthu dances, originating from South India. The vibrant Bhangra performance added an energetic and colourful touch to the event, representing the exuberance of Punjabi culture. Later on Yashika, a talented student, captivated the audience with her melodious voice. Two heartfelt poems were recited, one in Hindi and one in English. These poems beautifully conveyed the message of importance of teachers in a student's life. Later on our principal mam praised the college's efforts in fostering an inclusive atmosphere where students from various backgrounds can learn and grow together and appreciated all the teachers who leads towards the overall development. As a token of appreciation, personalised diaries with the names of each teacher were distributed. These diaries were thoughtfully provided by "GULISTAN," a startup from the Botany Department. The Students' Union concluded the event with a sensational and outstanding performance. Their bashing routine was a spectacular display of creativity and talent, incorporating various dance forms and styles, leaving the audience in awe.

Significance of the event:

The orientation day programme organised at college level, holds immense significance as it aims to provide the first year students with essential information regarding the campus facilities, academic programs and about the resources available for them. It also gives the students a chance to meet fellow students and the faculties which helps instill a feeling of belongingness and reduces anxiety ensuring the students that they are well prepared for their college experience both academically and socially.

Feedback Analysis:

The Students' Union of Maitreyi College organized an orientation on August 16, 2023, to familiarize the new batch of 2023 with the workings of the college and its various departments. The orientation allowed the students to learn more about the college, the New Education Policy, and the new educational structure. The orientation also allowed the students to learn about the National Service Scheme (NSS) and National Cadet Corps (NCC) which are an important part of the co-curricular branch of the college. Lastly, the orientation also allowed the students to familiarise themselves with the different societies in college and their functioning so that they can make a clear and informed decision about which societies to apply for.

I observe that all the members of riyaz were really supportive.

The event revolved around culture pride and patriotism . Speakers spoke well... Singers sang really well

Very well managed

Online events, especially singing events are actually tough to handle but I appreciate Maitreyi College' efforts for that... Had a great day! .. All the best for your future endeavours! ♥

Good organisation

Report of the event in 250-350 words

Trenchant (The English Debating Society) and Vachik (The Hindi Debating Society) of Maitreyi College in collaboration with Students' Union organized a Turncoat debate competition named 'Aakhyan' in view of Independence Day centered around the theme of 'Inclusive Development'.

The entire event was conducted in two rounds. Debaters received the motions for each round a day in advance. The debating format required the participants of both rounds to speak for and against the motion given to them. Round One was held on August 7, 2023 and required each registered participant to submit a 3-minute video entry, speaking on the topic. The speeches then underwent evaluation and a handful of exceptional entries were chosen to proceed to the Final Round. Round Two was conducted on an online platform (Google meet) on August 12, 2023 and the motion was 'This House Believes That India should prioritize self-reliant policies over Foreign Direct Investment to foster economic growth.' The Final Round was initiated with an introduction of the esteemed Judges, after which the participants were addressed directly and motivated by the judges themselves, paving the way for commencement of the debate.

The presence of all 26 finalists made the event thoroughly engaging and the participants delivered impactful speeches. The finalists showcased versatility by fluently arguing both sides of the motion, demonstrating good communication and critical thinking skills. The bi-lingual nature of the debate radiated inclusivity and variations in perspectives, as members, participants and judges were fascinated listening to arguments in both Hindi and English. The end of the debate was followed by a brief feedback session.

The event concluded with a closing ceremony where the winners were declared and certificates were assured to all finalists to acknowledge their efforts. Aakhyan had successfully served as a platform for a stimulating and thought-provoking discussion. The invaluable feedback given to participants from the judges will hopefully assist the participants in further refining their debating skills and empower them for future competitions.

Report :

Marketricks, The Marketing Society of Maitreyi College, University of Delhi, made a triumphant return as a part of Azadi ka Amrit Mahotsav with an online event, showcasing an array of marketing approaches adorned with distinct strategies.

A total of 43 teams registered for the event, out of which only 15 teams successfully cleared the preliminary round. Eventually, 11 teams advanced to the final round.

The event unfolded across three distinct rounds:

Round 1: Teams were tasked with selecting their fortunate numbers which will be their team number throughout the competition.

Round 2: Teams were assigned specific states and products based on their chosen numbers as their team

number.

Round 3: Teams were granted a 20-minute window to craft presentations encompassing jingles, posters, visual tools, and more. Their aim was to promote their products in the given state using a variety of advertising methods, pricing techniques, and compelling pitches. Their challenge was to persuade the panel that their product could flourish in the designated state. For instance, a product like Dandiya, which holds significant cultural value in Gujarat, could be effectively promoted and marketed in Punjab. The primary criteria for evaluation encompassed communication skills, marketing expertise, pricing acumen, creativity, and alignment with the designated state, as demonstrated through their pitches.

Three teams that effectively swayed the judges with their marketing strategies were recognized with cash rewards and prizes. Meanwhile, all participants were acknowledged for their dedication and engagement with electronic certificates.

Significance of the Event :

Cultural diversity enables the development and enrichment of our lives in ways that we might not always readily acknowledge. As we open ourselves up to the tapestry of diverse cultures, traditions, and beliefs, a world of varying perspectives, ways of life, and experiences unfolds before us. It's as if each new encounter with a different culture adds a unique brushstroke to the canvas of our understanding, painting a more vibrant and intricate picture of the human experience.

The primary goal of the event was to champion cultural diversity, acting as a platform where different facets of our rich heritage could converge and intermingle. Beyond its immediate objective, the event played the role of a catalyst, sparking brainstorming sessions and fostering a deeper level of comprehension. It was within this environment that the notion of a singular product's versatility took shape, transcending geographical boundaries. This event served as a reminder that the utility of a product isn't confined to political borders but can instead span the diverse tapestry of India's various regions.

The interplay between the promotion of a product and the preferences of the audience holds the key to its widespread acceptance. The success of a product's introduction into a new cultural context hinges on a delicate balance between embracing the cultural nuances and aligning with the customers' preferences.

In essence, the journey from cultural diversity to inclusive product promotion is a testament to the power of recognizing and embracing differences. It's a journey that allows us to not only celebrate the beauty of our multifaceted society but also harness it as a force for innovation and unity. Through events like these, we not only weave together the threads of our diverse cultural tapestry but also showcase how these threads can be woven into the fabric of a harmonious and interconnected society.

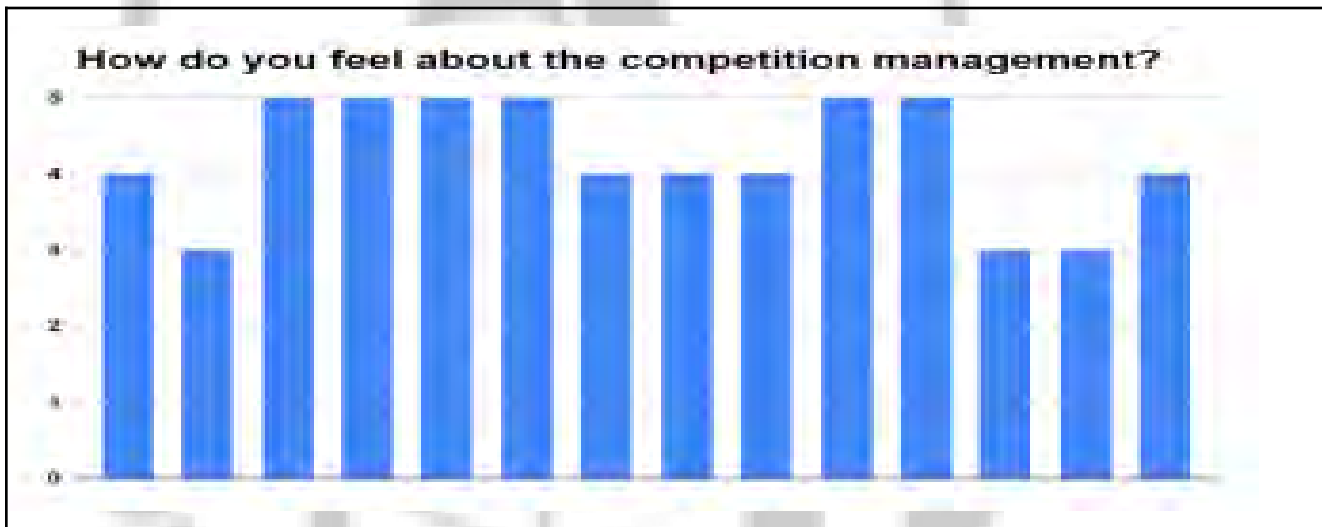

Feedback Analysis :

The Competition - Cultural प्रचार, shed light on the theme of Cultural Diversity . The event was to champion cultural diversity, acting as a platform where different facets of our rich heritage could converge and intermingle.

Good
NIL
It was a really fun ,well organized competition.
None
No
if the video's of all the people during the speech were switched on from the beginning, it could've been much better
NIL
NIL
Highly appreciable management and organisation.
I really liked how there were strict actions taken against teams who were not adhering to the competition's rules and timelines.
It was fine
More time should have been allotted for making the PPT. Also, everyone should have got the same amount of time because the ones who presented later clearly got an advantage in terms of time limit to prepare the PPT. First, all the teams should have been asked to submit the PPT after 20 mins and then the presentations should have started.

I was thrilling and exciting

I was enthusiastic and decided to participate when I saw the poster of Visto about photographic competitions. It was really blessed for me to participate in such a great college. And if any other event will be organized then I will definitely be part of that for sure.

I am enthusiastic about photography in general but never really participated in any competitions as such. So participating in this is a new experience and a fun one.

Are there any feedbacks or suggestions you want us to consider?

It would have been appreciated if you guys could have mentioned the date for when the results will be announced.

Not anything in particular.

Results still pending for independence day competition.

No suggestions.

No none.

It would have been better if the date of result is given in guidelines (like deadline). And I appreciate effort/prize distribution, etc. It never is a issue.

Shri Dharmendra Pradhan, the union minister of education and skill development and entrepreneurship presided as the guest of honor and shed light on the government's commitment to support educational institutions. A captivating short film was also presented, showcasing the journey of the University of Delhi over the past 100 years. During the ceremony Prime Minister Narendra Modi laid the foundation stone of 3 academic blocks and lauded DU's contributions to the nation and encouraged students to embrace innovation, entrepreneurship, and research. Following his address, Prime Minister Modi engaged in an interactive session with students and encouraged them to pursue their dreams and contribute to the nation's development.
