DIWALI MELA

College Level Event Date: 06-11-2023

Name Of the Organizing Society: Excelsior: The Commerce Society

Name of the Coordinator: Mr. Ginmunlal Khongsai

REPORT OF THE EVENT:

On 6 November ,2023 the Students Union of Maitreyi College organized the Diwali Mela. Excelsior: The Commerce Society actively participated in the mela by hosting an Open Mic event and putting up a game stall having 2 games to enthrall everyone.

The spectacular Open Mic extravaganza, unfolded a vibrant dazzle of talents that transcended the boundaries of Delhi University colleges. The event, an open call to creativity, witnessed a surge of registrations, creating an air of eager anticipation. Students, like kaleidoscopic performers, mesmerized the crowd with dance, music, and other expressive arts. Some, with lyrical finesse, unleashed inventive rap verses, while others painted the air with the vivid hues of their poetry. It was a symphony of self-expression, allowing each student to gracefully articulate their essence to an enthralled audience. The event's allure was magnetic, drawing a sea of spectators who delved into the diverse talents on display. As cheers echoed through the venue, the Open Mic organized by Excelsior, emerged victorious, leaving an indelible mark on the hearts of everyone present, applauded and praised in unison for its celebration of the boundless creativity.

Apart from this, a game stall was organized wherein, there were two games namely: 1) Meme Charades and 2) Diwali's Hidden Wonders.

Life's comedic moments unfold in 'Meme Charades,' the game was designed to play in pairs ready to decode the language of laughter. Players select a mysterious meme from the 'Meme Connoisseur Box,' keeping it secret from their partner. With the chosen meme held overhead, the second participant transformed into a meme maestro, acting out the visual hilarity. The challenge was to decode two memes in under a minute. It's a dynamic duo venture where humor meets charades, making it a race against time and wit. Laughter proved to be the ultimate reward for those who successfully navigated the memescape in this quirky and engaging game.

'Diwali's Hidden Wonders' was a sensory adventure where curiosity met anticipation. Participants stood behind the table, confronted with a box harboring both Diwali and

non-Diwali surprises. Blind to the contents, they reached in, feeling the objects within the mysterious confines. With a time limit of 1.5 minutes, the challenge was to correctly identify six concealed items in the box. A fusion of touch and imagination, this game turned anticipation into triumph as participants unraveled the enigma within, creating an atmosphere of excitement and suspense during the celebration.

Offline Events

1. Stock 'n' Ciao

Engaged in an immersive experience where teams navigated through a maze of challenges and opportunities set upon tables. Participants deciphered clues and riddles, demonstrating their agility and strategic thinking. Yet, amidst the excitement, they remained wary of the insidious whispers of rumor echoing throughout the market, luring them with promises of riches or leading

them astray. In this high-octane pursuit against the clock, contestants rely on their stock market expertise to outsmart the whispers of rumor and emerge triumphant.

2. Lord Of the Land

This game was an invitation to the Commerce Enthusiasts to embark on a riveting journey into the realm of Monopoly, a captivating fusion of strategy, negotiation, and the whims of fate, promising an immersive and fiercely competitive adventure. Here, participants don the mantle of real estate magnates, engaging in a dynamic dance of acquisition, sales, and shrewd property trades to construct their personal empire. There were a total of 12 cities or properties on the board having distinct prices. Alongwith, in an attempt to have adaptations from the aforementioned game, we had the elements of 'Chest', 'Chance', 'Tax', 'Super Tax' and 'Jail'. Apart from these adaptations, to have the theme centered around academics, we also had some check points wherein the participants had to answer two questions (academic). If they successfully did so, they won a bonus amount, however if they failed to do so, they had to pay a penalty amount.

3. Stellar Sabotage: The Imposter Trials

It was the time to decode, fix and deceive. This offline event had put the participants in a race against time, tasks and imposters in our Among-Us inspired competition. Participants embarked on an exhilarating event where the realm of space met some thrilling challenges. Participants navigated a specially designed among-us themed environment, tasked with completing a series of puzzling challenges. However, among the crewmates, few were the imposters whose mission was to sabotage the completion of tasks. Since it was a non-academic event, we had incorporated the elements like performing the hook-step challenge, complete the lyrics challenge as our "elimination tasks". The top 9 teams from a pool of around 22 teams were shortlisted for the final round of the competition. The final round was a quiz based round wherein questions related to OTT platforms were asked upon.

Entry based events

1. Sham Showdown

It was an online event wherein the participants were alloted a scam either from financial, political or cyber category in a jumbled way. With the help of the clues given they had to guess

the scam and make an instagram reel or a video unmasking the same. Judgment was done on the basis of accuracy , creativity and the content. It was an academic event which tried to increase the knowledge of the participants about the very common and famous scams of all times like Harshad Mehta scam, Chara ghotala , Kingfisher - Vijay Malya , Ketan Parekh etc.

2. Brand Crafters

It was an online event aimed at harnessing the creativity and strategic brilliance of participants to craft compelling marketing strategies. Participants were assigned specific brands and tasked with crafting a marketing strategy that seamlessly integrated three additional brands of their choice. The goal was to elevate their assigned brand's presence by creating an Instagram grid with three captivating posts, complete with engaging captions and trending hashtags. The Brand Crafters Challenge provided participants with a platform to showcase their marketing talents and

strategic acumen. It fostered innovation, collaboration, and critical thinking skills essential for success in the dynamic field of brand marketing
