Summer Training Program
on
“Mushroom Cultivation of White Oyster Mushroom”
organized by
Department of Botany
Maitreyi College
University of Delhi

Duration : 28th July, 2023 - 29th August, 2023
Organized by : Department of Botany
Program Coordinator & Convener : Dr. Pooja Baweja
Mentor(s) and Resource Person (s): Dr. Atika Chandra, Dr. Pooja Baweja, Dr. Sarita Kumari and Dr. Mansi Gogna
Number of Student participants : 05
Mentees : Neha Singh (B.Sc. Botany (H), III year), Bhavya Sharma, Vidhi Mishra, Shweta and Jaspreet Singh (B.Sc. Botany (H), II year)

A one-month summer training program was organized by the Department of Botany, as a part of the Mentor-Mentee Program to establish the **Mushroom Cultivation Facility** in the college. The duration of the summer training program was from 28th July, 2023 to 29th August, 2023. The key motive of this program was to establish a functional Mushroom facility in the college for supporting both academic and entrepreneurial causes. The prime focus was also to establish a unit to support upcoming Skill Enhancement Courses. As a part of this program, five students of B.Sc. Botany Hons. (II and III year) were mentored.

The key aim was to standardize the cultivation of white oyster mushroom/ dhingri (*Pleurotus ostreatus*) in the college. This member of the fungi grows naturally in cool and humid conditions of Himachal Pradesh and Uttarakhand in India. Possessing the shape and appearance of an oyster, these mushrooms are extremely nutritious and have potent health benefits. Its unique qualities makes it one of the top ten expensive mushrooms to grow.

All the students were trained to carry out the steps of mushroom cultivation independently, starting from substrate preparation, spawning, casing, autoclaving, pinning, harvesting and post-harvest storage. The Mushroom Facility was opened for visits to the entire college on September 1, 2023.

The Mushroom Facility of Maitreyi College is aimed at building a skill-based center, where students can not only learn the basics of mushroom farming but also practice it hands-on at a cultivable scale. Mushrooms are the upcoming heroes of agriculture and are pioneers of the “Non-green Revolution”. The ample culinary, nutritional and medicinal properties of mushrooms make them the perfect alternatives for meat-based proteins. This facility is currently planning to bring under its aegis - pink, blue and king oyster mushrooms as well as button mushrooms .

ORIENTATION PROGRAM
DEPARTMENT OF BOTANY, MAITREYI COLLEGE
UNIVERSITY OF DELHI

Event Name : Department Orientation

Date : 17th August 2023

Time: 10 a.m. onwards

Organized by: Department of Botany

Venue: NSB-8, New Science Block

Number of Student Participants: 15

The Departmental orientation program for the Academic Year 2023 was organized by the Department of Botany for the students of B.Sc. (Hons.) Botany, First year. The students were given a warm welcome at the beginning of their new journey and a brief orientation about the course and the faculty members of the department. Grand spectacles of the faculty of the department imparted the light of knowledge to the students, guided them with the importance of physical and mental wellness and enlightened the students about their mission towards the overall development of the students through various projects and activities undertaken by the department.

The main purpose of this orientation session was to introduce the students about the course structure of Botany (Hons.) being followed under New Education Policy which was explained by Dr. Shweta Sharma, Assistant Professor, Department of Botany. The students were given a general idea about various papers being taught in this program including compulsory papers (DSC), elective papers (DSE & GE), Skill Enhancement Courses (SEC) and Value Addition Courses (VAC) offered by the Department of Botany. They were also given a tour of the classrooms, laboratories and Botany museum of the department. This orientation program also aimed at bridging the gap between the teachers, seniors and the new students ensuring a smooth communication between them. Student council representative Ms. Nikhita, B.Sc (H) Botany II Year gave the presentation about the working and functioning of the Botanical society “Blossom” and various activities organized under the society. The office bearers of students council (Miss Archana, Vice-President, B.Sc Botany (H) III year; Ms Janhvi, Treasurer, B.Sc (H) Botany III year; Ms Nikhita, Secretary, B.Sc (H) Botany, II year) of the Department helped in the successful organization of the event.

ORIENTATION PROGRAM

Date: 17th August, 2023

Time: 10 a.m. onwards

Organized By: Department of Botany in Collaboration with Department of Chemistry and Department of Zoology

Venue: Room No. 62, Old Science Block

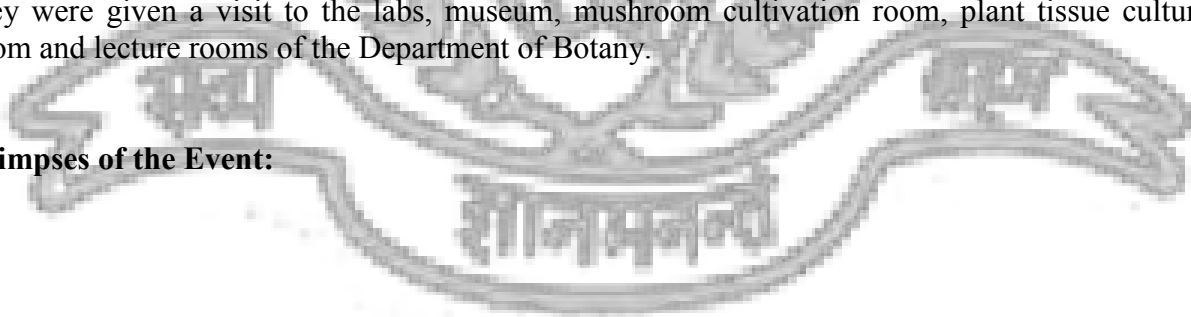

Teacher coordinators: Dr. Mansi Gogna, Assistant Professor, Department of Botany and Dr. Vandana, Assistant Professor, Department of Botany.

Number Of Participants: 45

An orientation program was conducted for the first-Year students of B.Sc. Life Science on 17 August, 2023 in room No. 62 of old Science Block. It was organized by the Department of Botany in Collaboration with the Department of Chemistry and Department of Zoology. The main focus of this event was to make the students familiar with the course structure of B.Sc. Life Science introduced under New Education Policy (NEP). Dr. Mansi Gogna from the Department of Botany, Dr. P. Vineetha from the Department of Zoology and Dr. Kamal Sharma from the Department of Chemistry explained the Botany, Zoology and Chemistry component of the course respectively.

From Botany, students were given an overview of the entire course with detailed explanation of all the papers that they will study in semester I. They were also acquainted with the details of various Skill Enhancement Courses (SEC) and Value Aided Courses (VAC) being offered by the Department of Botany. Besides the course structure, students were also made aware of the pattern of internal assessment for theory as well as practical classes. Further, an introduction of all the teaching and non-teaching staff were given. At the end, students asked their questions regarding their paper choices for SEC and VAC, evaluation and examination processes. Teachers from all the three departments clarified their doubts and queries. The students were very satisfied with the program and interacted actively with the organizing team. At the end of the orientation, they were given a visit to the labs, museum, mushroom cultivation room, plant tissue culture room and lecture rooms of the Department of Botany.

“KNOW YOUR DEPARTMENT”

DEPARTMENT OF BOTANY

MAITREYI COLLEGE

UNIVERSITY OF DELHI

Date: 18th August, 2023

Time: 10 a.m. onwards

Organized by: Department of Botany in Collaboration with Department of Zoology

Venue: NSB-8, New Science Block

Number Of Participants: 33

An event “**Know Your Department**” that included interdisciplinary activities for the first-year students was organized by the Department of Botany in collaboration with the Department of Zoology on 18th August, 2023. This event was organized with the aim of providing an opportunity to the freshers to get familiar with the Department and to interact with their seniors as well as among themselves through some fun activities that included ‘Nature’s Photography- Maitreyi through lens’ and ‘Extempore-ChitTalks to unfold, engage & explain’. Among these activities, Nature’s photography was organized by the Department of Botany. The office bearers of students council (Miss Archana, Vice-President, B.Sc Botany (H) III year; Ms Janhvi, Treasurer, B.Sc (H) Botany III year; Ms Nikhita, Secretary, B.Sc (H) Botany, II year) of the department helped in the successful organization of the event.

A total of 33 students from the first year of different disciplines participated in the competition. They were exhilarated to visit each and every corner of the college to capture the finest of nature. They all had a great exposure to the variety of plants that embellish the college and various gardens like herbal garden, rock garden, rose garden and botanical Garden. The activity was judged by Dr. Sandeepa Singh, Assistant Professor, Department of Botany, Dr. Monika Heikrujam, Assistant Professor, Department of Botany and a student representative Miss Archana Kumari, Vice President, Blossom (The Botanical Society of Maitreyi College). Out of the 33 participants, two were shortlisted by our judges for the prize, details of which are as follows:

First Prize: Miss Dorothi Bora, (B. Sc. Life Science, Sem I)

Consolation prize: Miss Sanya Kumar, (B. Sc. (H) Botany, Sem I)

Through the active participation of freshers and well-coordinated event organization by second- and third-year students of B. Sc (H) Botany, the holistic approach of the event was successfully achieved.

LIVE TELECAST OF CHANDRAYAAN-3 LANDING ON MOON

DEPARTMENT OF BOTANY

MAITREYI COLLEGE

UNIVERSITY OF DELHI

Date : 23rd August, 2023

Time: 5:27 pm onwards

Online Link: Google meet (Meeting link: <https://meet.google.com/muk-jyqr-xeb>)

Number Of Participants: 49

The Department of Botany, Maitreyi College organized a live telecast session on 23th August, 2023 in the view of India's pursuit of space exploration that was about to achieve a remarkable milestone, when Chandrayaan-3 Mission, was all set to land on the Moon. The office bearers of students council (Miss Archana, Vice-President, B.Sc Botany (H) III year; Ms Janhvi, Treasurer, B.Sc (H) Botany III year; Ms Nikhita, Secretary, B.Sc (H) Botany, II year) of the department helped in the successful organization of the event.

For the successful conduction of this online session, registrations were invited in advance through google form. The invitation message containing link for registration as well as the google meet were circulated among teaching staff, non-teaching staff and students. The event started at 5:27 p.m.

Chandrayaan-3 is a lunar exploration mission undertaken by India's space agency Indian Space Research Organization (ISRO) and was launched on 14th July 2023. It was set to land on the moon on this very auspicious day (23 Aug, 2023). The aim of this mission is to place a moon lander named 'Vikram' and rover named 'Pragyan' on the lunar surface and collect scientific data for research. It landed on the moon's south pole and the proud moment for India was witnessed by us through this live telecast event. India made history to become the first country to achieve such a grand milestone.

Through this online event, the participants witnessed India's endeavor to land on the south pole of the moon successfully.

Blossom Election 2023-24

**DEPARTMENT OF BOTANY, MAITREYI COLLEGE
UNIVERSITY OF DELHI**

Event Name – Blossom Election 2023-24

Date- 13 September, 2023

Time: 11.50 a.m. onwards

Organized by: Blossom- The Botanical Society of Maitreyi College

Venue: NSB-8, New Science Block

Number of Participants: 53

The Department of Botany, Maitreyi College organized an election for the student council for its Botanical society, “Blossom” on 13 September, 2023. Students from different semesters of B.Sc. (H) Botany filled their nominations for different posts of the society. Two students contested for the post of president, three for vice-president, two for treasurer and four for the secretary post. It was an open house election and students from all the three years of B.Sc. (H) Botany participated in voting. The nominees for various posts delivered their manifestos for the functioning of the Departmental activities and student welfare for next one year.

The voting was done through a QR code linked to a google form for casting vote for various posts. The voting response was immediately analyzed by the teacher coordinators of Blossom society under the supervision of election officer Dr. Sarita, Assistant Professor, Department of Botany followed by declaration of the result in front of all the teachers of the Department, nominees for various posts as well as the student voters.

The event was smoothly conducted with the help of active volunteers of Blossom society. All the students were satisfied with the fair and transparent mode of electing the members of Blossom, The Botanical Society of Maitreyi college.

EVENT NAME: Career Counseling Session on “ **Life Sciences and Beyond: Building a fulfilling Career**”

SESSION MODE: Offline

DATE: October 11, 2023

ORGANISED BY: Blossom, The Botanical Society, Maitreyi College

VENUE: NSB-8

TIME: 10.30 am onwards

NO. OF PARTICIPANTS: 93

Career counseling is a comprehensive, developmental program designed to assist students in making and implementing informed educational and occupational choices. One such counseling session was organized by the Department of Botany on 11 October, 2023 on the topic “ **Life Sciences and Beyond: Building a fulfilling Career**” . The event was attended by 93 students from different semesters of B.Sc. (H) Botany and B.Sc. Life Science. The session was graced by an esteemed guest Mr. Ratneshwar Thakur, a Molecular Biologist who is also a dedicated Science communicator and writer at the National Institute of Plant Genome Research (NIPGR), New Delhi. The event began with the traditional lamp lightening ritual followed by welcoming our guest by offering him a potted plant as a token of gratitude.

Mr. Ratneshwar started his talk by sharing his professional journey and then brought out the various ideas about the career. He emphasized on the hard work, consistency and patience for a profound career. He discussed various job opportunities in which a Science student can make a good career. Mr. Thakur mentioned several institutions in India where a science student can pursue higher education that included - IGIP, NII, ICGEB, JNU, IIT DELHI, IARI, NIPGR etc. Here students can also apply to learn various techniques like TLC, Electrophoresis, Blotting techniques, PCR and many more.

At the end of the talk, students actively interacted with the speaker to know and understand various career options. Mr. Thakur very satisfactorily answered the questions asked by the faculties and the students. The holistic approach of the session was to develop an individual's competencies in educational and occupational exploration as well as career planning, which was achieved at its full potential.

**LOGO COMPETITION
FOR BOTANICAL SOCIETY
“BLOSSOM”**

Category: Digital logo making competition

Result Date: 27/10/2023

Organized by: Blossom-The Botanical Society of Maitreyi College, University of Delhi

Total No. of participants: 23

Blossom - The Botanical Society concluded its Digital Logo Making Competition which garnered a significant number of entries, showcasing a variety of creative approaches that aligned with the society's values. Through a conclusive judging process, a winning design was selected and the winner received a certificate along with a cash prize as a well-deserved reward for their impressive design. This logo then served as the inspiration for the refined new logo of The Blossom Society. Collaborative refinements were made based on suggestions gathered from various members of the Department of Botany.

Winner:

- **NOUREIN SHAILESH**
[B.Sc. (P) Life Sciences, I year, Roll no.:2023/1609]

An international workshop on Intellectual Property Rights (IPR) was organised by Department of Botany, Maitreyi college on October 27, 2023 in Seminar Hall of New Science Block (NSB) in hybrid mode. The workshop aimed at spreading awareness among students and teachers about the significance and current trends in the field of intellectual property rights. The event started with ceremonial lamp lighting followed by words of warm wishes and blessings from honorable Principal Prof. Haritima Chopra.

The workshop included a technical session (morning) and a hands on session (afternoon). In technical session, two experts were invited as guest speakers namely Dr. Ambika Rajendra, Senior Scientist (Plant Breeding), Soybean Unit, Division of Genetics, ICAR and Dr. Umesh Kumar Singh, Assistant Professor, SIS, Institute of Advance Sciences, USA. Dr. Rajendran provided a detailed information on types of IPR, patents, procedure for patent application, post patent compliances, IPR laws, international obligations of IPR, IPR in agriculture, rights of plant breeders and farmers, geographical indications as well as basic requirements for implementation of IPR. Our second speaker Dr. Umesh Kumar Singh delivered his talk on "Plagiarism: Consequences for Academic Authenticity and Personal Growth". He started with discussing the academic Ethics in ancient India quoting few examples from Rigveda, Mahabharata, and Ashtadhyayi. Dr. Singh then highlighted the academic and legal consequences of plagiarism. He shared the detailed insights of UGC regulations (2018) in this regard, levels of plagiarism and associated penalties. Dr. Singh also introduced to an anti-plagiarism software- 'URKUND' which is being successfully used at university and college level. In the hands on session, students were given practice exposure to various freely available anti-plagiarism softwares by Dr. Ankita Sehrawat. Students learned how to use the softwares to check plagiarism. Dr. Sarita Kumari provided an hands on experience to students on how to check any existing patent online. The holistic approach of the session was achieved as students actively put forward their queries in technical as well as in hands on session. The event was a huge success.

PALLAV 2024

The Annual Fest of Department of Botany

Maitreyi College, University of Delhi

Category: Annual Departmental Fest

Date: 07/03/ 2024

Organized by: Blossom -The Botanical Society of Maitreyi College, University of Delhi

Convenor: Dr. Pooja Baweja

Judges: Dr Kamal Sharma, Dr Shweta Sharma, Dr Monika Heikrujam, Dr Ankita Sehrawat, Dr Vandana, Dr Renuka Yadav, Dr Akash Pratap Singh, Dr Mansi Gogna - Department of Botany, Maitreyi College

Total Number of the Participants: 64

Blossom, the Botanical Society of Maitreyi College, University of Delhi, hosted its annual fest “Pallav 2014” on 07 March 2024. The event drew in 60 participants from different colleges. The event served as a platform for participants to showcase their enthusiasm and artistic flair. The festivities began with a traditional lamp-lighting ceremony, followed by a devotional Saraswati Vandana. This solemn opening established a respectful atmosphere for the subsequent program. A diverse cultural program featuring four distinct performances by students of the Department further enriched the celebratory ambiance of the event.

Organizers ensured “Pallav 2024” embraced inclusivity by welcoming participants from all disciplines, genders, and communities within the university. While participants were encouraged to manage their performance requirements independently, prior rules of competitions were circulated along with respective posters and comprehensive support was extended by the organizing committee throughout the event.

The fest’s core comprised a series of themed competitions including Open-Mic Mirage, Rang-Tarang: Botanical Rangoli, Trash Art, and Scavenger Hunt. Each event category's winners were duly recognized, with first-place winners receiving cash prizes and certificates, and second and third place recipients were given hampers and certificates.

In addition to competitions, the event boasted a bustling marketplace atmosphere, with stalls offering a diverse array of products, including western jewelry, delectable food items, and freshly baked pastries. The stall owners acclaimed a day of good sale. Notably, "Chatraka: The Mushroom Haven," showcased organically grown and freshly harvested mushrooms attracting significant attention and sales.

With some constructive feedback post-event, the fest's meticulous decorations and seamless coordination garnered widespread acclaim from participants and attendees alike.

Events' Winners:

Open-Mic Mirage

- 1st position: Tanvi, B.Com (H), Maitreyi College
- 2nd position: Siddhant Singh, B.A. (Prog), DU-SOL
- 3rd position: Mousami Debbarma, B.Sc. (H) Botany, Maitreyi College

Rang-Tarang: Botanical Rangoli

- 1st position: Ajay, Japanese Language, Department of East Asian studies
- 2nd position: Rahul Mallick, B.Sc (H) Electronics, Zakir Husain Delhi College
- 3rd position: Nishita Shekhawat, B.Sc. Physical Science with Chemistry, Maitreyi College

Trash Art

- 1st position: Rahul Mallick, B.Sc (H) Electronics, Zakir Husain Delhi College

Scavenger Hunt

- 1st position team: Seemu (B.Sc. (H) Botany, Maitreyi College), Riya Ranjana (B.A. Prog., Motilal Nehru College), Amrita Das (B.Sc.(H) Botany, Maitreyi College), Sweta Kumari (B.Sc.(H) Botany, Maitreyi College)
- 2nd position: Anurag Yadav (B.Sc. Physical Sciences, Ramjas College), Kanhaiya Lal Gupta- (B.A (H) Hindi, Kirori Mal College), Anuvansh Sahu (B.A. Economics (H), Satyawati College-Evening), Krishna Khanna (B.A. Economics (H), Satyawati College Evening)

SEMINAR ON WILDLIFE HAZARD MANAGEMENT

EVENT NAME: Seminar on Wildlife Hazard Management

EVENT TYPE : Academic

SESSION MODE : Offline

Date: 03/04/2024

Organized by: Blossom-The Botanical Society of Maitreyi College, University of Delhi

VENUE: NSB 18

TIME: 11:30 am - 1:00 pm

CONVENERS: Dr. Ankita Sehrawat, Dr. Kamal Sharma

SPEAKER: Mr. Rohit Kumar Baldodia , Manager In-charge, Wildlife Hazard Management, IGI Airport, New Delhi

TOTAL NUMBER OF ATTENDEES : 94 (Student: 81; Faculty: 13)

Blossom, the Botanical Society of Maitreyi College, University of Delhi, conducted a seminar on “WILDLIFE HAZARD MANAGEMENT” to foster an understanding among students towards reducing the likelihood of aircraft collisions with birds as our prestigious college is located in the approach path of runway 1028. The session featured our distinguished **Speaker Mr. Rohit Kumar Baldodia**, Manager In-charge, Wildlife Hazard Management, IGI Airport, New Delhi. It is crucial for the students to grasp the significance of wildlife management to ensure aviation safety and impart this knowledge into bringing about a change. The seminar started off with the basics like what is a bird strike by definition. Collisions between aircraft and birds during takeoff or landing are a major threat to aviation safety and wildlife. These incidents, often caused by factors like improper meat carcass disposal attract heavy scavenging birds like eagles and unregulated drone use, can damage aircraft and endanger lives. The high impact of bird strikes can penetrate the aircraft's nose, similar to incidents in America and Guwahati, putting passengers at risk. Beyond aviation safety, bird strikes harm bird populations and other animals like jackals, reptiles and rodents that scavenge near airports. To mitigate these risks, the use of firecrackers and certain frequency radar systems are helpful in keeping the birds away from the main aviation zones. By understanding these causes and consequences, and implementing effective prevention measures, aviation authorities can create a safer and more sustainable air travel environment while minimizing habitat loss of avian biodiversity.

FEEDBACK ANALYSIS

1. Did the seminar enhance your understanding of the importance of wildlife hazard management in aviation safety?

 Copy

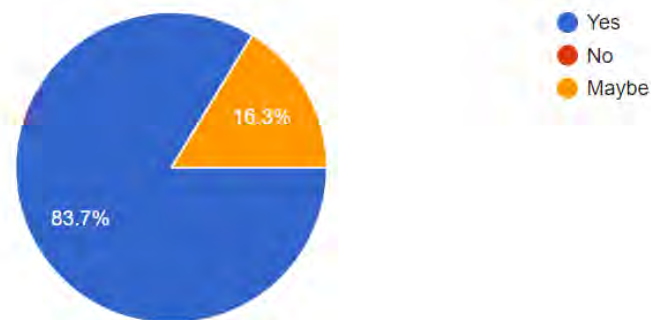

43 responses

2. Do you feel more confident in identifying potential wildlife hazards and implementing appropriate mitigation measures after attending the seminar?

 Copy

43 responses

3. Were there any topics or areas related to wildlife hazard management that you wished were covered in more detail?

43 responses

Indra Gandhi airport new delhi

How we can shift the wildlife hazard to a safer environment and sedative guns used to tranquilize birds

More details on the conservation of our ecosystem related.

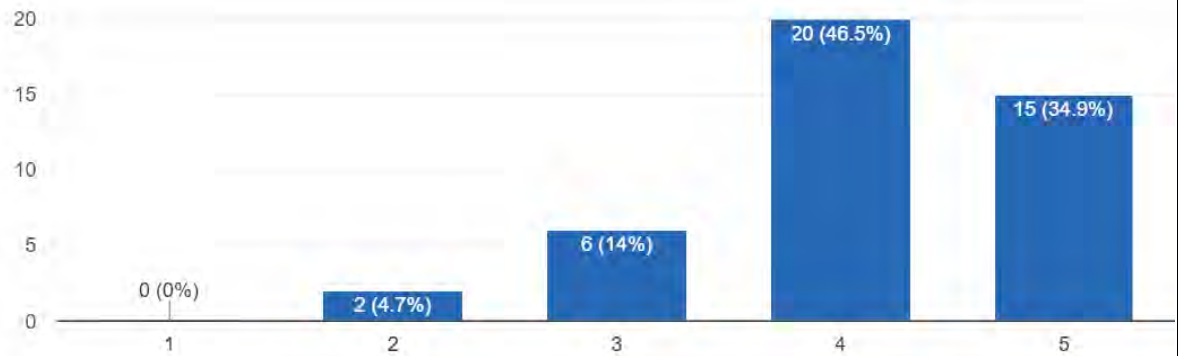

More about the methods that how the radiation system works to keep the animal's away.

I don't think so...the session was great.

4. How would you rate the clarity in presentation of the speaker and effectiveness of the session?
