

Unlocking the Potential of IoT: A Training-cum-Workshop on Internet of Things Applications and Innovations

National/International/Inter-University/State Level/College Level: College Level

Date : 13 June 2024

Name of the organizing Department/Society: SDC - Atharvan

Name of the convenor/coordinator of the event: Dr. Shikha Badhani

Resource Persons : Mr. Jagadeswaran. R (Enthu Technologies Ltd)

Total Number of the participants/beneficiaries : 34

Number of the participants/beneficiaries from college: 34

Atharvan, Skill Development Centre at Maitreyi College successfully organized its first event titled “Unlocking the Potential of IoT: A Training-cum-Workshop on Internet of Things Applications and Innovations” on 13 June 2024. The resource person was Mr. Jagadeswaran. R from Enthi Technologies Ltd. It was a very informative workshop as Mr. Jagadeswaran enlightened the audience with the basics of Internet of Things (IoT). IoT describes the network of physical objects—“things”—that are embedded with sensors, software, and other technologies for the purpose of connecting and exchanging data with other devices and systems over the internet. Over the past few years, IoT has become one of the most important technologies of the 21st century. Now that we can connect everyday objects - kitchen appliances, cars, cameras - to the internet via embedded devices, seamless communication is possible between people, processes, and things. The workshop began with a word of appreciation by Dr. Shikha Badhani. The session saw an overwhelming response from faculty and non-teaching staff representing multiple departments.

Practical sessions were held on the newly purchased IoT kits and the participants performed many experiments on them under the guidance of the resource person.

Overall it was a very informative and interesting workshop that gave a first glance of IoT to various departments of our college.

Ganesh Chaturthi & Teacher's Day Celebration

Cultural College Level Event

Name of the organising society: Ilustrado, Department of Computer Science

Date: 4 September 2024

Coordinated by: Dr Manju Bhardwaj

Total number of participants: 83

On September 4th, Ilustrado. The society of the Computer Science Department, the NSS Team of Maitreyi College, in collaboration with Youth for Seva, organised a grand celebration of Ganesh Chaturthi and Teacher's Day in the Open Auditorium.

We celebrated Ganesh Chaturthi, By welcoming Bappa to our department.

On 11th September, the Sathapana of Lord Ganesha was done by the Teachers of Computer Science Department & On 13th September, the Visarjan of Ganpati Bappa was done by the President of Ilustrado, Shireen. The Aarti of Ganpati Bappa was performed by the students.

Ganesh Chaturthi was celebrated with devotion and joy, honouring Lord Ganesh. The event also included an idol-making activity,

where beautiful Ganesh idols were crafted with clay by the college students. This hands-on activity allowed participants to connect with tradition and creativity. As part of the Teacher's Day celebration, a heartfelt tribute was paid to the guiding lights of our lives—our teachers. The Ganesh idols, crafted by the students, were accompanied by heartfelt notes of appreciation and distributed to the principal and teachers as a token of gratitude and respect.

The event fostered community spirit through creative activities and heartfelt tributes, reinforcing spiritual values and unity for Ilustrado. With strong participation and positive feedback, the celebration left a lasting impact on both students and faculty, highlighting the importance of coming together as a community.

(Dr. Manju Bhardwaj)
Department of Computer Science

Name of the Course- Python Programming
Short Term Course (30 hours Certificate Course)

Date & time: 15th January- 24th January, 2025, 9:00 AM - 1:00 PM

Organized By- Department Of Computer Science, Maitreyi College

Name of The Convenor- Dr Veena Ghuriani

Name of The Coordinator- Dr. Shweta Sankhwar

No. of participants: 13

No of participants (Faculty): 0

No of participants (Students) : 13

Name of The Resource Person/s- Dr. Manju Bhardwaj, Dr Veena Ghuriani, Dr. Shikha Badhani, Dr Jyotsna Talreja Wassan, Ms. Rupali, Dr. Shweta Sankhwar, Ms Shikha Sharma

Objectives of the Course- To teach the basics of the Python Programming Language.

This course is an Introduction to Python Programming language. The primary purpose of Python is Software Development. Python can be used to make web-applications at a rapid rate. Python is also used in the development of interactive games, Data Science and Data Visualization, Desktop GUI, Web Scraping Applications, Business Applications, CAD Applications. Python is used for analyzing statistical computations and algorithms. To develop these computations, one needs to know regular programming constructs like variables, data types, operators, loops, etc. Python is an interpreted, interactive, object-oriented programming language. It incorporates modules, exceptions, dynamic typing, very high level dynamic data types, and classes. Python has packages that encapsulates different categories of functionality in libraries (also called packages).

Details of Course:

- Eligibility is 10+2
- Mode (Online / Offline / Hybrid): Hybrid
- Schedule with Dates : 15th January- 24th January, 2025
- Module Developers : Department of Computer Science
- Mode of Assessment : Offline
- Details About Module : This course covered all the python programming basics as shown below Table:

Course Modules:

S.No.	UNIT	Description	Duration	Name of the Resource Person
1	Introduction to Python Programming	Flowcharts, Notion of an Algorithm, Data types, indentation, Identifier, keywords, arithmetic, relational and logical operators, Input- output Statements, Python IDE Installations	Day 1 (4 hours) 15 Jan, 2025 - Wednesday	Ms. Rupali Ahuja
2	Creating Python Programs	Conditional Statements and Loops.	Day 2 (4 hours) 16 Jan, 2025 - Thursday	Dr. Jyotsna Talreja Wassan
3	Data Structures	Strings, List, Sets, Tuples, nested list, Dictionaries.	Day 3 (4 hours) 17 Jan, 2025- Friday	Dr. Manju Bhardwaj
4	Functions & Methods	Defining Functions and methods	Day 4 (4 hours) 18 Jan, 2025 Saturday	Dr. Shikha Badhani
5	Object Oriented Programming	Introduction to classes, objects and methods, Standard Libraries	Day 5 (4 hours) 20 Jan, 2025 Monday	Ms. Shikha Sharma
6	File Handling, Exceptions and Errors	Default arguments, Errors and Exceptions, File Handling through Libraries	Day 6 (4 hours) 21 Jan, 2025 Tuesday	Dr. Veena Ghuriani
7	Advanced Python	Numpy, Pandas and Matplotlib	Day 7 (4 hours) 22 Jan, 2025 Wednesday	Dr. Shweta Sankhwar
8	Assessment	All above Units	Day 8 (2 hours) 23 Jan, 2025	Dr. Shweta Sankhwar
9	Valedictory	Certificate Distribution	Day 9 24 Jan , 2025	All Faculties

Report on
E-waste Collection Drive

Organised by: Ilustrado, the Department of Computer Science, Maitreyi College

Duration: 21 October to 7 November, 2024

Venue: Maitreyi College

The poster is for an E-Waste Collection Drive organized by Ilustrado, the Department of Computer Science at Maitreyi College, University of Delhi. It features logos for Ilustrado, Maitreyi College, and the University of Delhi. The main title 'E-Waste Collection Drive' is prominently displayed in a blue and green banner. Below the title, it states 'Your discarded tech can spark a greener tomorrow—recycle e-waste!'. The event dates are 'From: 21 Oct. - 7 Nov. 2024', and the dropping point is 'Computer Science Department, Room no. 26 (Main Building), Maitreyi College'. Contact information for MS. ANURADHA is provided. A list of benefits includes being open for faculty and students and providing certificates for contributors. A label instruction at the bottom asks for name, course/department, and mail id.

Label your e-waste: Name, Course/Department, mail id

Introduction:

Ilustrado, the Computer Science Department of Maitreyi College organized an E-Waste Collection Drive aimed at promoting responsible disposal of electronic waste (e-waste) within the college community. The drive encouraged students, faculty, and other members to contribute by donating various types of old electronic items, including broken laptops, earphones, remotes, and other gadgets, which would be sent for recycling. The drive continued for around 17 days. Faculty members and students donated the e-waste items during the drive. The e waste was handed over to EWRI for recycling.

Participants:

Outcome: The E-Waste Collection Drive received overwhelming support from the college community, with a substantial amount of e-waste collected, including broken laptops, earphones, remotes, and various electronic devices. The enthusiastic participation of students, faculty, and other members underscored the collective commitment to environmental sustainability. The drive contributed to raising awareness about

the environmental impact of e-waste and the importance of recycling. Two members from EWRI visited the college to felicitate the faculty members and hand over the certificate of recycling.
