NOTIFICATION

DATE: July 25, 2025

The College Orientation Programme for the incoming batch of first-year students will be held on **4th and 5th August 2025**. The two-day programme will be structured into four slots/sessions, accommodating students of both Science and Social Science disciplines. Following this, all departments will conduct their individual Departmental Orientation on 6th August 2025. These sessions are designed to introduce students to the various facets of their respective departments. Departments are also encouraged to invite alumnae to share their experiences, thereby fostering meaningful connections with the new students.

In addition, on 6th August, departments may organise an engaging interdisciplinary initiative titled “*Know My Department.*” Through a range of activities—such as lectures, workshops, career counselling sessions, and interactive exchanges—students will gain insights into the scope, ethos, and opportunities of different departments. This initiative aims to equip students with valuable information that will help them make informed choices when selecting their SEC (Skill Enhancement Course) and VAC (Value Added Career Course) options.

The detailed layout is as under:
